Binary Distribution Builders

Tuesday 12 Sep 2006 at 17:30 (02h00')

A get together for folks preparing binary distributions of open source geospatial tools for different systems. This might include folks working on MS4W, FWTools, Debian GIS, Live CDs, and so forth. In addition to general experience sharing, I would like to talk about development of a broad OSGeo packaging solution for many applications and libraries in one install environment.
